

BEFORE THE OFFICE OF THE COMMISSIONER OF RAILROADS

STATE OF WISCONSIN

In the Matter of the:

Petition of Brown County for the Alteration of a Public Crossing of the Wisconsin Central Ltd. Tracks with CTH 'V' (Lime Kiln Road) in the Village of Bellevue, Brown County

9164-RX-539

SUPPLEMENTAL ORDER

On May 14, 2004, the Office of the Commissioner of Railroads (OCR) issued an order that, among other things, required the installation of cantilevered 12" LED automatic flashing lights at the public crossing of the Wisconsin Central Ltd. (WCL) tracks with CTH 'V' (Lime Kiln Road) in the Village of Bellevue, Brown County (Crossing no. 181 507T / MP 109.99). The order required that Brown County pay for the new signals. In the interim, the railroad was ordered to relocate the existing signals behind the new curb lines.

Brown County petitioned the OCR to rescind the requirement for new cantilevered signals at this crossing citing the low number and speed of trains, and the cost of new cantilevered signals. The Commissioner agrees. Cantilevered signals are not necessary to adequately protect public safety at this crossing.

THEREFORE, IT IS ORDERED,

1. That the order for the **Wisconsin Central Ltd.** to install and maintain new cantilevered 12" LED automatic flashing lights at the crossing of its tracks with CTH 'V' (Lime Kiln Road) at-grade in the Village of Bellevue, Brown County is hereby **rescinded** (Crossing no. 181 507T / MP 109.99).

2. That jurisdiction is retained.

Dated at Madison, Wisconsin, (February 9, 2006).

By the Office of the Commissioner of Railroads.
